

2009 Annual Report

While much of what COBYS Family Services does can't be adequately measured by numbers, this annual statistical report does provide an overview of our work during the past year.

Motivated by Christian faith, COBYS Family Services educates, supports, and empowers children and adults to reach their full potential. During the 2008-09 fiscal year (July 1-June 30), more than 80 staff (33 full-time) carried out this mission in these ways:

Adoption. Demand for COBYS adoption services was strong, leading to growth in staffing and clients served. Seven caseworkers and nine part-time contract workers finalized 31 adoptions and provided additional services to 189 children and 37 families. These figures represent a 63 percent increase in finalizations and near doubling of children served, compared to the previous year.

An affiliate of the Statewide Adoption & Permanency Network

(SWAN), the COBYS adoption program offers six services: family profiles, child profiles, child preparation services, child specific recruitment (for harder to place children), legal finalization, and post adoption services.

In addition to adoption services through SWAN, the Infant Adoption and Birth Parent Counseling programs established in 2008 continued to

progress slowly. Staff provided birth parent counseling to two families facing unplanned pregnancies and worked with four families who are seeking to adopt through this private pay form of adoption.

Counseling. COBYS counselors provided 1,496 hours of therapy, a slight increase from the previous year. Counseling centers are located at the COBYS main office, north of Lancaster; Mechanic Grove Church of the Brethren (COB), Quarryville; and next to Palmyra COB. Private donations enable COBYS therapists to serve all clients, regardless of the fee they are able to pay. Last year, on average, clients paid 44 percent of the actual fee, based on a sliding scale.

Family Life Education. COBYS educators led 61 courses and 101 topical workshops, providing more than 2,000 adults, youth, and children with skills, information, and encouragement to strengthen family bonds. The number of courses offered and persons served was down significantly from the previous year.

A total of 72 churches, schools, and community groups partnered with COBYS to provide these programs. A highlight of the year was a winter *Strengthening Families* program offered in the Elizabethtown Area School District in cooperation with Elizabethtown Communities That Care, in which 36 adults

and 28 youth participated.

Foster Care. Foster Care faced a challenging year as a decrease in referrals led to a reduction of the number of foster care caseworkers from five to three. This reduction was accomplished through attrition and reallocation of staff to the growing adoption program. Foster care staff facilitated 21,321 days of care for 80 foster children, a decrease of six percent in days of care and 23 percent in number of children from the previous year.

Of the new children who were placed with families, five sibling groups were kept together, sparing children the additional trauma of being separated from brothers and sisters. A highlight of the year was the April adoption of a sibling group of six foster children by Steve and Glenda Sensenig (photo, previous page).

Ten new foster/adoptive

resource families were approved, but the overall number of approved families decreased from 60 to 54.

Permanency Unit. In its 10th anniversary year, the Permanency Unit provided services for 86 children from 46 families, about the same figures as the previous year. Eight children were reunified with their birth families and seven had parental rights legally terminated so they could be adopted. Staff rejoiced with three youth clients who graduated from high school with plans to attend college.

Teen Mothers. The Teen Mother and Child Group Home, located near Manheim, provided 1,548 days of care for six teens and five children, a 35 percent decrease in days of care over the previous year. An unusually low number of referrals from county agencies posed challenges for the program. Teens at the group home receive prenatal care, further their education, and are trained in life skills and parenting so they can better care for themselves and their children.

Solid Support

Funded by public and private sources, COBYS' annual budget exceeds \$3.3 million. Despite the ailing economy, COBYS was blessed with strong financial support from individuals,

businesses, churches, foundations, and others (see table below).

Private giving during the 2008/2009 fiscal year was \$631,693.60. While overall private giving declined due to the expected winding down of the five-year-long Building for the Future Campaign (which concludes in 2009), giving to support the regular ministries of COBYS increased by 7.5 percent. December 2008 was COBYS' best month ever for giving to the general fund.

Special thanks to the many people who undergird the ministries of COBYS Family Services. Those listed below supported COBYS either with financial gifts, in kind donations, or volunteer hours between July 1, 2008, and June 30, 2009. Every effort has been made to make this list complete. Please let us know if your name has been inadvertently omitted. Contact Don Fitzkee at 800-452-6517 or don@cobys.org.

Private Giving Comparison

Year	ANE Churches	Other General	Campaign	Endowment	Total
2008/09	\$107,590.67	\$489,569.90	\$34,033.03	\$500	\$631,693.60
2007/08	\$115,614.40	\$465,738.84	\$86,111.67	\$500	\$667,963.91
2006/07	\$108,828.67	\$439,106.71	\$108,229.38	\$500	\$656,664.76
